OUTLINES.

In Chicago Thursday night Mrs. James F. Delaney shot and killed her husband and committed suicide; he was vice president of the American Shipping Company and she was formerly an actress whose stage name was Bessie Mortimer, leading lady with Otis Skinner.——There was a smack of sensationalism in the Trans-Mississippi Congress at Kansas City; Mo., yesterday when the resolutions committee attempted to smother two resolutions offered by William J. Bryan; the Nebraskan's resolutions were adopted and the ship subsidy idea of Secretary Root was endorsed.——Ninety-two cotton mills at Fall River, Mass. yesterday granted an increase of wages to 30,000 operatives who met Thursday night and agreed to go on a strike if their demand was not met.——The several lines of railroad in Southeastern Virginia and Eastern North Carolina were merged into the Norfolk & Southern Railway Company at a meeting of the stockholders of the several companies at Norfolk yesterday.——Commander Peary's arctic expedition arrived at Sydney, Nova Scotia yesterday on the steamer Roosevelt; all were well and Mrs. Peary was there to meet her husband for the first time in 16 months.——Thirty-five Filipinos discharged from army transports are at Norfolk in a destitute condition.——Mrs. Mary Scott Hartje, of Pittsburg divorce fame, has filed a petition for alimony, alleging that her expenses in the divorce trial were $30,000 and that her husband is worth at least $1,500,000.——Signor Enrico Caruso, the famous Italian tenor, was convicted in New York yesterday and fined $10 for disrespectfully approaching women in Central Park.——New York Markets: Money on call firm 4 1-2 to 6 1-2 per cent.; ruling rate 6, closing bid 4, offered at 4 1-2; spot cotton 20 points advance, closing steady at 11.10; flour steady, unchanged; wheat easy, No. 2 red 80 1-4 elevator; corn easy, No. 2 54 elevator; oats steady, mixed 39; turpentine firm; rosin steady.

It is announced that a jury composed of women is to try a case in Chicago. If the defendant's lawyer expresses ineffable satisfaction with such an array of intelligence and beauty as will grace the jury box, it would be useless for the solicitor to introduce any evidence.

Remarks the Atlanta Journal: "That New York boarder who proposed to his landlady a hundred times evidently knew on which side his bread was buttered." However, he would be in the soup if he were to marry and find out that the boarding house lady was not paying expenses.

A Philadelphia man complained to a court on Wednesday that his wife pulls his hair at least once a month and bemoaned that he had nothing for which to be thankful on Thanksgiving Day. The Philadelphian should quit being such a pessimist. He should be thankful that he has hair to pull.

New York is making a great ado over the fact that Thos. F. Ryan is a partner of the King of Belguim in the rubber business in Africa. Mr. Ryan may make more money out of his partnership with a King but he won't get as much happiness out of it as a man who is in co-partnership with a North Carolina Queen.

Some politicians and political gossips around Washington pretend to believe that when President Roosevelt gets home from Panama he will hand Secretary Taft a lemon. Secretary Taft held up the President's order dismissing the three negro companies from the army. Secretary Taft has a race problem of his own.

The San Francisco grand jury investigating the monstrous graft scandal involved in the stealing of money sent to keep the earthquake sufferers from starving, has also stirred up grafting in connection with the prize fights in that city. Each of the fights were worth from $5,000 to $10,000 for the promoters and it is declared that several of the city officials, including the mayor, had to have their share. Surely this country presents a pretty spectacle with its political and civic corruption. By the way, it was Editor Roscower, of the Goldsboro (N. C.) Headlight, who created a sensation by exposing that earthquake graft several months ago.

SUITS SET FOR TRIAL

Calendar for One Week Term of Superior Court Beginning Monday Week.

MANY UNIMPORTANT CASES

Lawyers Devote Their Energies to Clearing UP Docket of Odds and Ends—Big Cases Held Over Until January Term.

The bar of the city met yesterday morning at the office of Col. John D. Taylor, the clerk, and arranged the calendar of civil suits for trial at the one-week term of New Hanover Superior Court, which will convene Monday week, Judge E. L. Jones, of Winston, presiding. Owing to the shortness of the term very few cases of more than passing interest were set for trial. The object sought to be attained at this term is to clear from the docket a large number of the smaller cases that have been encumbering the books for some years. Neither the Penny damage suit against the Atlantic Coast Line, nor the Meier suit against the Consolidated will come up at this term. A large number of matters have been placed on the motion docket in order to clear up that before the next two-weeks term in January of the new year.

Suits were set for trial only on three days of the term, but the whole week will likely be taken up in the hearing of cases as under the new rule of the bar, cases not reached on the day on which they are set will be continued from day to day during the term, in their order until they go off. The docket as arranged by the attorneys is as follows:

Monday, December 3rd—W. Norman & Co. vs. John Simon, et al.; Prigers Silverman vs. Josh Simon, et al; David S. Brown & Co. vs. Josh Simon; L. Heizig & Co., inc vs. John L. James et al; Thos. W. Fisher vs. W. B. Cooper; in the matter of the will of Neeley Carr, Charles Wessell vs. Thorpe & Applegate; Hannah Humphrey vs. John W. Humphrey; Lucy Freeman vs. David Freeman; Gilbert Lee vs. Maggie Lee.

Tuesday, December 4—Lucy Bryant vs. David R. Bryant; Gaston D. Phares & Co. vs. Mrs. S. Seigler, Jr. (two suits); John F. Richards vs. Mary Richards; M. F. Price vs. the Wilmington Cotton Mills; Kidder Lumber Co. vs. C. D. Weeks; John Lovett vs. Elsey I. Lovett; F. M. Bryant vs. the Consolidated Railways, Light and Power Co.; Stone & Co. vs. the Atlantic Coast Line.

Wednesday, December 5.—Holmes Grocery Company vs. W. H. Stokely; T. R. Delman vs. Angola Lumber Co., R. E. Blake vs. the Atlantic Coast Line; James H. Soull & Co. vs. the Atlantic Coast Line (two suits); Richard Dammon vs. the Atlantic Coast Line; B. F. Mitchell Co. vs. W. H. Chadbourn et al; Luke Grady vs. George Bell; Seeley Manufacturing Co. vs J. C. Shepard; Wilmington Furniture Co. vs. W. T. Mercer.

Old Colored Man Insane.

Two colored youths yesterday brought to the Clerk of the Superior Court an old colored man, Cass Hooper, whom they found wandering around on Kidder's Hill. From questioning the old man the two colored boys found that he was mentally unbalanced and felt it their duty to bring him to the proper authorities. He could give no account of himself but it was evident that he is an old Wilmington negro of the ante-bellum type and that he is living in the past. When asked about himself yesterday he said that he was all right and that he worked at VanBokkelen's still in the southern part of the city, one of the landmarks of the olden time. The old man was committed to jail for safe keeping until some of his people can be found.

A PRETTY RECEPTION

Ladies Auxiliary of First Baptist Church Gave Delightful Entertainment Last Night in Honor of New Members.

A delightful reception was given last evening by the Ladies' Auxiliary of the First Baptist Church, complimentary to the new members of the congregation. The scene of the pretty and very enjoyable affair was the Sunday School rooms of the church which had been attractively decorated for the occasion. In the Baraca room where refreshments were served the color scheme was yellow and green, chrysanthemums and ferns having been used with charming effect. In the lecture room where the guests were received and entertained during a part of th evening, bamboo ferns, chrysanthemums and other flowers and plants were used to pretty effect. The attendance was unusually large and the ladies scored a magnificent success of the affair.

The reception committee was composed of Dr. Hale, the pastor, Mrs. S. H. Burtt and Mrs. Oscar Byerly, while a quintette of pretty young ladies served most acceptably as ushers. These were Miss Nellie Pickard, Mrs. W. P. Mangum Turner, Miss Irene Peterson, Miss Bessie Montgomery and Miss Jennie Stanland. Those in special charge of the refreshment room where most tempting edibles were served were Mrs. Georgia Pritchard, Mrs. S. H. Burtt and Miss Alice Brooks.

During the evening a programme of music and readings was rendered with splendid effect in the lecture room. Miss Isla Rountree favored the audience with a piano solo and responded to a very enthusiastic encore. Mrs. Curtis Arnall-North, who has recently removed to the city, charmed her hearers with a reading and later in the evening was persuaded to give another, which was equally as well received. Mr. W. A. McGirt rendered a fine solo, which was greatly appreciated while Fred Hale, Jr., as a violinist, captured his hearers with a solo that well brought out his capacity on the instrument. Mrs. J. D. Edwards was heard in a soprano solo that gave great delight to all.

MR. DAVID E. ELLIS DEAD.

End Came Rather Suddenly Yesterday Morning at His Home.

Mr. David E. Ellis, an esteemed and highly respected citizen of Wilmington, died rather suddenly yesterday morning at 10:30 o'clock at his home, No. 204 Castle street. Mr. Ellis had been a great sufferer with dropsy for some time, though he had been up and about the house for several days prior to his death. Yesterday morning he arose at the usual hour, ate his breakfast and was standing up beside the mantle reading the morning newspaper when a member of the family noticed that he grew faint. He was assisted to bed where he became at once unconscious and passed away within ten minutes.

Mr. Ellis was 73 years of age and leaves to mourn their loss, his wife, Mrs. Mariah J. Ellis, three sons and one daughter, the children being Mr. U. C. Ellis, the well known photographer; Mr. E. R. Ellis, of this city; Mr. D. E. Ellis, of Columbia, S. C., who had just arrived in response to a message that his father was very ill, and Mrs. R. S. Haddock, of this city. The bereaved ones have the sympathy of many friends in their sorrow.

The funeral will be conducted from the residence this morning at 11 o'clock and the remains will be laid to rest in Bellevue cemetery.

MRS. S. F. SCHERER DEAD.

Mother of George C. Scherer Passed Away Thursday Night.

Mrs. S. F. Scherer, mother of Mr. Geo. C. Scherer, private secretary to the United States Engineer for the Wilmington District, with headquarters in this city, passed away at the home of her son, No. 501 South Front street, Thursday night. Mrs. Scherer had been in poor health some time and while death was not unexpected it came as a sad blow to the family and friends. Mrs. Scherer was 71 years of age and was a devoted Christian woman, drawing many friends to her by her genial spirit and kindly disposition.

The remains, accompanied by members of the family, were taken on the northbound train yesterday evening to the former home of the deceased there today.

NEWS FROM RALEIGH

Princess Theatre Company of Wilmington Secures Amendment to Its Charter

THE GOVERNOR AT WINSTON

Delivered an Address at Banquet For Raising Y. M. C. A. Funds—Methodist Orphanage Work—Smallpox Situation—Other Notes.

(Special Star Correspondence.)

Raleigh, N. C., Nov. 23.—Gov. Glenn has gone to Winston-Salem where he was to-night the principal speaker at a big banquet given in the new Zinzendorf Hotel by the directors of the Winston-Salem Y. M. C. A. with a view to the raising of the remainder of the money that is necessary for the erection of a Y. M. C. A. building. The business men of the city were the guests. R. J. Reynolds has started the fund with a contribution of $5,000.

The Princess Theatre Company, of Wilmington, filed to-day with the Secretary of State, an amendment to its charter providing that while the authorized capital remains $100,000 the company can begin business with $1,000 paid in. The reason given for this is that it is not now necessary to build a new theatre at Wilmington but that there are other objects of the company which need to be undertaken requiring less capital. S. A. Schloss, T. H. Wright, Nathan Schloss and R. H. Northrop are the stockholders.

The business of the Peoples Benevolent and Relief Association, of Charlotte, the colored insurance company closed up some days ago by State Insurance Commissioner J. R. Young, for bad business methods, has been purchased by the North Carolina Mutual and Provident Association, colored, of Durham, its policies being thereby made secure. This transaction was with the approval of the insurance commissioner.

In the future the Methodist Orphanage here will have the support of all Methodists in the State instead of just one of the two conferences as in the past. It was founded by the North Carolina Conference which includes all the eastern section of the State and as far west as Greensboro. However, the western conference has now joined forces with the sister conference in this work. The orphanage assessments are 10 per cent of the pastor's salaries paid by the various Methodist congregations. The main building of the orphanage plant here cost $20,000 and the orphanage property is valued at $60,000. Rev. J. N. Cole is now superintendent.

There are now 31 smallpox patients in the pest house here, none of them dangerous. There are three white cases, one of them in the pest house. The other two are women who are closely quarantined at their homes. There have been no new cases for three days.

WANT TO STOP THE FREIGHT.

Said to be Movement on Foot to Enforce Obsolete Sunday Law.

There is said to be a movement on foot by some of the ministers of the city to stop the shifting of freight trains in the A. C. L. yards in this city on Sundays. What force there is behind the movement is not known but it is said that an attorney has been engaged to look up the law in this respect, which seems to be rather obsolete. The successful culmination of any movement in this regard would be viewed with alarm by the business community which is already suffering from the effects of congested conditions on the yards in this city. The law, if enforced, would have to be against all roads in the city and would include the Seaboard as well as the Coast Line with the probability that the Consolidated Company would find it difficult to take a package to the Sound on the Sabbath.

Checks From John C. Davis.

Wilmington creditors of John C. Davis, who is remembered as the "frenzied finance" lawyer of Wilmington about ten years ago, are still recieving checks from him, with assurances that ultimately he will pay every cent with interest. Some of his creditors have received by the week an amount to liquidate half his indebtedness to them and the checks are still coming. Mr. Davis is now an attorney-at-law with rooms, 316 and 317 Columbian Building, 416 Fifth street, N. W. Washington D. C.

SUES THE SEABOARD

Capt. J. D. Bowen of Wilmington Asks Heavy Damages For Injuries Received in Hamlet Wreck Some Months Ago—Summons Filed.

Capt. John D. Bowen, of this city, conductor on the passenger train which was in a fearful collision with a freight near Hamlet some time ago and who received painful and serious injuries in consequence of which he is still laid up at his home in this city, on yesterday, through his attorneys, Messrs. Bellamy & Bellamy and Herbert McClammy, Esq., brought suit against the Seaboard Air Line Railroad Co. for damages. While the complaint has not yet been filed, it is understood that the amount asked for will be above $25,000. The case will be tried in the courts of this county and it is expected that it will be one of the most interesting ones ever heard.

It is understood that negligence will be charged on the part of the railroad company by reason of the error in the transmission of the order from the dispatcher's office which brought the trains together with such fearful consequences, killing Engineer F. B. Lewis, the flagman and a number of others and injuring 30 or more of the passengers. Conductor Bowen was badly injured about the hips and is still on crutches, able to walk only with great difficulty. He is advised by his physicians that it will be six months before he can walk, if he is ever able, without crutches. It is understood that there have been no offers of recompense to Capt. Bowen for his injuries since the accident occurred last summer and that for this reason the suit is brought. Damages in excess of $25,000 will no doubt be included in the complaint and the case will likely come up for trial early in the new year.

ARTHUR DEVLIN TO WED.

Former Wilmington Ball Player to Marry Rich in Chicago.

The New York World of yesterday contains a large photograph of Arthur Devlin and his fiancee, Miss Ima Wilk of Chicago. Arthur Devlin was once a member of the Wilmington baseball club in the Virginia-Carolina league and the accompanying dispatch to The World will be read with interest by his many friends and admirers in this city:

Chicago, Nov. 21.—Because she liked the way he played ball Miss Irma Wilk is to become the wife of Arthur Devlin, a member of the New York Giants. The young woman is the daughter of Frederick L. Wilk, vice president of the Union Trust Company and society is in a mild state of gasps over the announcement of her betrothal. The wedding is to take place at the home of the bride's parents on Surf street, Lake View.

Three years ago while Devlin was on the Georgetown University team, Miss Wilk, then a debutante, witnessed his play in a game and expressed strong admiration for the way in which he pulled the team out of a tight place. She followed his plays with growing interest from that time on, and when a year ago Devlin made a particularly brilliant exhibition of his prowess with the Giants on the professional field the Western beauty capitulated. Thus did the big third baseman win the pennant from the dainty society girl in love's race.

They secretly became engaged and it is only now, almost on the eve of the wedding their secret has been divulged, even to their closest friends. Miss Wilk was a student at the North Division High School and finished her studies in a private academy near Washington. Devlin joined the Giants in 1904, directly from Georgetown University team, where he had been an outfielder. "Mugsy" McGraw soon made him a third baseman where he aided materially in winning the pennant in 1904 and 1905. Miss Wilk is an acknowledged beauty and has many admirers here and in Washington.

COTTON AND NAVAL STORES.

Stock Report Posted Yesterday at The Chamber of Commerce.

The stock report showing receipts of cotton and naval stores at the port of Wilmington for the week ended Friday, was posted yesterday at the Chamber of Commerce. The receipts of cotton for the week were 16,422 bales against only 14,811 bales the same week last year, while the receipts since September 1 have been 197,516 bales against 215,127 bales up to a corresponding date last year.

The naval store receipts for the week show a slight falling off in all items from the same week last year. The same is true of the crop year except as to crude turpentine in which there has been an increase of some 5,000 barrels.

VAGRANTS SENT OUT

Six Sent Out to Do Time on the Roads By the Mayor Yesterday.

SESSION OF POLICE COURT

Contractor Who Obstructed Street Fined $10 For Want of Lights—Negro Popped at Another and Arrested With Pistol On.

VAGRANTS SENT .....

Four of the seven negroes who fell into the draguet of the police in the raid of the negro pool room Thursday afternoon at Sixth and Brunswick streets, were convicted in the Mayor's court yesterday with three or four others picked up in other parts of the city. They were given the uniform sentence of 30 days each on the roads and admonished by the Mayor to find work here or elsewhere as soon as their terms expire. The colored man Coakley, proprietor of the pool room called to see the Mayor before court and informed him that it was his desire to run a quiet, orderly place and that he would be glad to be rid of the loafers and loiterers about the pool room. He offered to furnish the mayor with the names of any vagrants that came to his attention. The conduct on the part of the man was highly commendable and the Mayor told him so.

Of Thurs'day roundup Zack Pollock, Fred Lloyd and Ed Dudley proved that they had legitimate employment and were discharged, though they were warned that it was dangerous to be hanging around pool rooms in the day time in this era of plenty and prosperity. Those sentenced were H. Pollock, Zollie Pearsall, Eugene Weston, James Bennett, Robert Hendricks and Tom Williams, whose names are writ high in the "hall of fame" at the police station, where they have oft appeared. They were taken out to the rock pile to begin in the crusade for better highways yesterday afternoon.

The only other case of any importance in the police court yesterday was that of Contractor D. Hanna. Mr. Hanna is in charge of the work on the Munroe Furniture store, on South Front street, where Mr. Rouse ran into an obstruction with his buggy night before last and had to go to the hospital for treatment of the injuries received in the accident. Mr. Hanna was charged with having failed to put lights on the obstruction as required by law. He was fined $10 and costs by the Mayor.

Rosa Watson, colored, was fined $5 and costs for disorderly conduct. She arranged to pay the amount and escaped a term of 20 days, the standing alternative for a five-dollar fine.

Officer W. J. Howard during the afternoon arrested Richard Haywood, a colored drayman, charged with firing a pistol at Jim Spencer, colored, at Seventh and Castle streets Thursday night. Another negro owed Haywood some money and Haywood told him that he proposed asking him for it every time he saw him. Jim Spencer dipped in to say that Haywood had better not try to humiliate him in any such manner. Haywood opened fire on him for the impudence. The drayman was brought in yesterday afternoon late for trial before the Mayor at noon to-day. He had his pistol on his person when he was arrested and will answer the additional charge of carrying concealed weapons.

THEIR MOTHER DEAD.

Mrs. Sarah Page, of Sampson County, Passed Away Yesterday.

Mrs. H. L. Peterson and Mr. W. C. Page, of this city, yesterday received a telegram conveying to them the sad intelligence of the death of their mother, Mrs. Sarah Page, of Parkersburg, Sampson county, which occurred at 4 o'clock yesterday afternoon. Mrs. Page was 71 years of age and was held in the highest esteem by all in the circle of her acquaintance. She leaves besides Mrs. Peterson and Mr. Page, of this city, other sons and daughters as follows: Mrs. Ellen Smith, of Parkersburg; Mrs. Sam Norris, of Parkersburg; and Mrs. J. W. McDaniel, of Tomahawk. Mr. and Mrs. Peterson, Mr. and Mrs. B. B. Pridgen, Mr. and Mrs. H. N. Smith and Mr. Page and daughter will go up to Parkersburg this morning to attend the funeral this afternoon at 4 o'clock.

MORE RAILROAD LEGISLATION BY CONGRESS.

It is announced from Washington that when Congress assembles it will be called upon to act in the matter of a uniform bill of lading, of which much has been said during the past few months. So much has been stated with possitiveness by the committee of the American Bankers Association which went before a committee of the House last Spring. This committee of bankers has just left Washington after an extended discussion with the Interstate Commerce Commission, in which the bankers made plain to the Commission their precise views on the bill of lading question, and asked for the co-operation of the Commission in securing such legislation as might be deemed best. The question is one on which there is much disagreement among technical men, and if the measure desired is to be passed it will be only after a hard fight. This is due to the apparent conflict of interests on the question and the complicated issues that seem to be involved.

The bill of lading question is one which concerns every man or firm who makes a shipment by rail, express or steamer. The system adopted by the common carriers is governed by no law and their responsibility for shipments delivered to them is only such as is governed by State laws covering the liability of individuals or corporations. However, the bill of lading situation has been unsatisfactory for a number of years. Some time ago, before the "rate agitation" reached an acute stage, the shipping interests of the country became much dissatisfied with conditions then exiting, and enedeavored to come to an understanding with the roads as to a uniform bill of lading which should supersede all others. The shippers were not only dissatisfied with the lack of uniformity then existing in bills of lading, but they did not like the provisions whereby railroads receiving freight assumed no responsibility for damage after the goods had left their lines and had passed into the control of connecting lines. After long discussion, however, a tentative arrangement was arrived at between a committee representing important shipping interests and one representing some of the principal railroads of the country. This joint committee recommended that the railroads should be permitted to limit their common law liability to some extent in return for important concessions on the question of connecting lines already referred to. Sharp disagreement still existed on the question of damages resulting from strikes on railroads. The roads were not willing to accept reponsibility for damages and shippers were unwilling to put up with loss from this cause. While the controversy was at this stage the bankers of the country began to take a hand in the situation. They had been dissatisfied with the bills of lading now used because of their lack of uniformity, and because of their defects as a basis of credit—defects which annually entailed upon the banks discounting drafts based on such bills very large losses. In the House bill 15,846 it was sought to have the existing defects corrected. A committee of the bankers appeared before the Committee on Interstate and Foreign Commerce late last March and presented the bankers' point of view. They asked to have a uniform bill of provided by law, and requested that such bills of lading should be negotiable, and that there should be more strict and careful provision as to the delivery of such bills, and as to the requirement of them when property that had been shipped was called for. It appeared that the bill before the committee in which the proposed changes already referred to and several others had been provided for was very loosely and badly drawn, and antagonistic members of the House committee had no trouble in riddling it. At a later meeting the bankers' committee failed to appear, but railroad representatives were present and recorded their objections to the bill as then before the House.

The new bill which is to be presented by the bankers this Winter will not embody any new points woth mentioning, but will retain most of the old ones, although in a modified and altered form. It has become plain that the proposals made last Winter in the form in which they were then made are out of the question. The bankers at their recent conference with the Interstate Commerce Commission were especially anxious to have the bills made uniform by law, andhave at least a partian quality of negotiability bestowed upon them.

The bill of lading question is certainly a very important one and no doubt an arrangement can be effected which will make bills of lading acceptable to bankers and money loaners as collateral, but we do not see how the railroad issuing a bill of lading, for cotton for instance, can be held responsible for the destruction of or damage to such shipment of cotton on another railroad. Every railroad corporation is responsible for damage to freight on its line, but it is doubtful whether an act of Congress could make one line responsible for shipments that have passed from its hands and become lost or damaged by another line.

CURRENT COMMENT.

—One evidence of Thaw's insanity is the fact that he didn't kill White long before.—Atlanta Journal.

—Those negro troops seem to be out but Secretary Taft made himself solid with the negro vote for the Republican nomination by the reluctance he displayed in carrying out the President's order.—Atlanta Journal.

—Tom Dixon should at once bring suit against Senator Tillman for infringement of patent rights in that the South Carolinian has imitated his peculiar form of advertising by inducing a lot of misguided Chicago negroes to protest against the giving of a lecture he billed to make public in that city.—Greensboro Industrial News (Rep.)

—There is a big fight in Montana to see whether Thomas H. Carter or Joseph M. Dixon shall be United States Senator. Carter represents the old idea and is backed by the big interests that are in politics for him. Dixon represents the best element of the younger Republicans who, while willing to give a big bonus to the trusts, are unwilling to give the trusts a fee simple to the government. Dixon is a native of Chatham county, North Carolina, and here's wishing him success.—Raleigh News and Oberver.

—Elder Brigham H. Roberts, who wasn't allowed to occupy a seat in Congress, preached Mormonism in New York city the other day to a congregation of followers of that faith. It is no less surprising to learn that Mormonism has a foothold in New York than to note one of the beliefs set forth by Roberts. Speaking of Christ he said: "I believe that he still dwells in the flesh to-day on some distant sphere, I know not where, and that he is all powerful in the flesh in heaven as on earth." He said that Mormonism was being preached practically around the world and that it was making headway despite opposition.—Savannah News.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Wilmington Citizen Can Afford to Ignore.

DANGER SIGNAL No. 1 comes from the kidney secretions. They will warn you when your kidneys are sick. Well kidneys secrete a clear amber fluid. Sick kidneys send out a thin, pale and foamy or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL No. 2 comes from the back. Back pains, dull, heavy, or sharp and acute, tell you of sick kidneys and warn you of coming dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Wilmington proof:

R. A. Biddle, clerk at 19 Market street, residing at 606 Castle street, says: "I used Doan's Kidney Pills myself for kidney trouble and my wife, who also suffered from back ache, also used them. I never knew anything to act so quickly. I have suffered quite a long time with my back and kidneys. The kidney secretions were very dark and full of sediment. My wife also complained of her back, and when we read of Doan's Kidney Pills in our newspapers I went to R. R. Bellamy's drug store and got a box. We used them with the best of results. In my case the kidney secretions cleared up and the pains left my back. We have neither of us complained since taking Doan's Kidney Pills, and it is with pleasure that I recommend them at every opportunity."

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ROBESON COUNTY TO HAVE SOIL MAP

Government and State Co-operating in Work of Showing Agricultural and Industrial Advantages of Fine Section.

Lumberton, N. C., Nov., 21.—The Government and State are co-operating in making a soil map of Robeson County and Messrs. W. E. Hearne, of the bureau of soils, of Washington, and J. M. McNider, of the North Carolina department of agriculture,, of Raleigh are now engaged in the work around Red Springs. These gentlemen will be working in the neighborhood of Lumberton early next Spring.

The map will show all the public roads, railroads, streams, ponds, private roads. churches, school houses, towns and postoffices, giving an accurate map of the entire county on a scale one mile to one inch. Upon this map will be shown in different colors the different grades of soil types in the county. Borings to the depth of three feet are taken at very frequent intervals which will determine the character of both the soil and subsoil. The soil is classified in the field according to the texture or mechanical composition, color, topography, drainage and crop adaptation. Several samples are collected from each of the different soil types, one sent to Washington, where the mechanical analyses are made and a duplicate set, including samples of all phases, are forwarded to Raleigh, where chemical analyses are made. Accompanying the map will be a detail description of each soil type, the crops grown and its adaptation to new or varied crops. Another chapter will give the location and boundaries of the county, early settlement, agricultural development, transportation facilities, markets and climatic conditions. The last chapter will be a general summary of the agricultural conditions at the present time, relating to all crops grown, labor conditions, size of farms, methods of cultivation and suggestions of improvements and the prices of land.

These maps will be published and distributed gratis to all who apply to the bureau of soils, Washington, D. C., or to the Congressman from this district.

Had Majority.

—Kenansville News: Congressman Charles R. Thomas', majority over W. R. Dixon, was 5,163. Why should a Radical run in the old Third again?

—Sampson Democrat: Mr. J. A. Powell, of Taylor's Bridge, probably has the largest hog of its age in the county. The pig was 18 months old on October 15, and measures six feet 10 1-2 inches long (with his long tail left entirely out of the count) and 66 inches around the body. Good judges think that if he were kept till fully grown so as to fatten well, that he would weigh at least a thousand pounds, though Mr. Powell cannot be persuaded to carry him over, fearing the cholera may get him and is attempting to fatten him down now, but the hog simply keeps growing.

Fayetteville's Sewerage System.

—Work on the new sewerage age system of the city of Fayetteville, was begun Thursday, the first spade of dirt being turned at the point of the outlet, which is 1,200 feet below the roller flour mills on Cross Creek. Mr. H. H. Abee, of Hickory, who secured the contract and his assistant Mr. J. D. Hunt arrived Wednesday and Thursday at once gathered a force of hands and began operations. As stated before the system is limited at present by the amount of the bond issue available—$18,500—but it is expected that it will be extended to all parts of the city at some time in the near future.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no others. **

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astounding result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at R. R. Bellamy's drug store. Price 50c and $1.00. Trial bottle free.

—Mr. J. Sam Wright of Boardman, spent yesterday in the city.

—Mr. J. C. Flowers, of Hertford, N. C., was here yesterday.

—Mr. W. A. Blizzard, of Dillon, S. C., was a guest at The Orton yesterday.

—Mr. J. Marvin Smith, of Laurinburg, spent yesterday in the city and was a guest at The Orton.

—Mr. D. C. Clark, of Chadbourn, was in the city yesterday on a business trip.

—Editor Howard C. Curtis, of the Southport Herald, was in the city yesterday on a business trip.

—Mr. J. A. Dew, of Currie, N. C., was in the city yesterday and paid the Star office a very pleasant call.

—Miss Kate Smith, of Raleigh, is the guest of Miss Peacock, No. 115 Grace Street.

—Mr. O. B. Wightman, of Fayetteville, was a guest at The Orton last night.

—Mr. W. H. Muse, of Durham, was among last evening's arrivals at The Orton.

—Misses Carrie Moore and Anna Parsley left yesterday morning for Windsor, N. C., where they will be guests of Mrs. John B. Gibble.

—Mr. John Meier, a popular young Wilmingtonian, who has been with the Gem Cigar Store for some time, has taken a position as traveling salesman with the Underwood Typewriter Co. His territory will be Eastern North Carolina.

—Mr. Chas. A. Price, cotton buyer for Messrs. Alexander Sprunt & Son, at Dunn, N. C., was brought to his home in this city yesterday morning, suffering from a severe attack of fever. His many friends hope that he will be able to be out again soon.

—Mr. E. B. Lewis, State Deputy of the Woodmen of the World, was in the city yesterday from Kinston on his way over to Chadbourn where he delivered an address last night. He was a guest at The Orton last night on his return home.

—Among the late arrivals last night were Wade Hampton Dukes, Orangeburg, S. C.; R. J. Strayley, Marion, S. C.; W. H. Malloy, Florence, S. C.; Benj. J. Smith and Jordan S. Thomas, North Carolina; J. G. McCormick, Lumberton; J. A. Brown, Chadbourn, Vance M. Weill, Goldsboro.

Basket Ball Games Tonight.

There wil be two games of basket ball tonight at the Y. M. C. A. when the A. F. R. present champions, and the Relief Department will meet for the second time this season. Those who know expect this to be a very close game as the only time the Relief Department team has been defeated was when the A. F. R. did so and naturally the Relief team are anxious to retrieve. The other game will be by the Freight Claim and Car Accountant teams. There will be no charge for admission and a large number of spectators is expected.

Helen Grantley a Great Success.

Miss Helen Grantley in "The Little Gray Lady," at the Academy of Music last night delighted an audience which was fair, but should have been much larger. Miss Grantley was easily the star of the cast as she should have been, but the supporting company was way above the mediocre. "The Little Gray Lady" gave eminent satisfaction in every particular.

Young Boy Dead.

James Rufy Morse, aged three years and one month, a son of Mr. and Mrs. Noah Morse, passed away Thursday afternoon at 5:30 o'clock. The funeral will be conducted at the family burying ground near Leland, N. C., today.

Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache, and dizziness. 25c at Bellamy's drug store.

LOCAL DOTS.

—"Thanksgiving" is the appropriate title of an advertisement which J. M. Solky & Co., have in another column of today's paper.

—The schooner Crescent, Capt. Mehaffey, arrived yesterday from New York with cargo of salt which she is discharging at the Carolina Central warehouses.

—With the new change in the schedule of the Carolina Central train which goes into effect after tomorrow the early morning hour of departure will be 4:20 instead of 4:30 as heretofore.

—Downs Melvin, a negro who forfeited his recognizance at a late term of the Superior Court where he was charged with carrying concealed weapons, was arrested by Deputy Sheriff John W. Smith yesterday on a capias. He was lodged in jail until the January term.

—The Y. M. C. A. meeting Sunday afternoon at 5 o'clock will be addressed by Dr. Joseph Akerman. There will be music by the Acme Male Quartette. The boys' meeting will be addressed by Mr. G. Kelson Young, manager of the Boys' Brigade. Mr. Young is a very interesting speaker to boys.

—By the unfortunate transposition of a figure in the advertisement of Warren's Steam Bakery in yesterday morning's paper, the special sale of Gibbs' Fine Candies was made to appear as at 93 cents per box when it should have been 39 cents. The sale is on today and the price of 39 cents for 50 cents packages holds good.

BRUNSWICK TRANSPORTATION COMPANY.

Captain T. M. Morse, Wilmington Agent—Schedule of Steamer

It is officially announced that Capt. T. M. Morse will be the Wilmington agent of the new steamer Atlantic, of the Brunswick Transportation Company, which will be operated daily between Wilmington and Southport. Captain M. T. Craig will be master of the boat and general manager of the affairs of the company, while E. H. Cranmer, Esq., of Southport, will be secretary and treasurer.

Elsewhere in today's paper will be found an announcement of the schedule of the new steamer which will be leaving Southport at 7:40 o'clock in the morning and 2:30 P. M. from Wilmington daily. Pending repairs to the wharf recently purchased by the company, the steamer will land on the water front, between Dock and Orange streets.

TEACHERS' ASSOCIATION.

Meeting This Morning in Cape Fear Academy Building.

The regular monthly meeting of the New Hanover Teachers' Association will be held in the Cape Fear Academy Building, just south of the Court House, this morning beginning at 10:30 o'clock. A large attendance is expected and an interesting programme of discussion has been mapped out.

Mr. M. B. Bradshaw, of District No. 15 will read a paper on "How to Keep the Primary Pupils Employed;" Miss Mamie M. Franck, of District No. 11, will read a paper on "The Teacher's Work in the District out of the School," and the superintendent will talk of "The Teacher's Preparation and the Influence of Pestallozzi." If time will permit the two papers read will be generally discussed by the teachers in attendance.

THE HOUND TRIED OUT AGAIN.

Former Policeman Tom Croom Gave Man Chaser a Run.

Constable Savage had the county bloodhound out for another trial run night before last. Former Policeman Tom Croom volunteered his services to give the man hunter a trial run and thought he had some devices that would throw the animal off his trail. He started from the Constable's house about half an hour ahead of the dog and circled around Greenfield mill pond, wading through water and making as if he had climbed several trees. The dog took up the trail at once and ran the fugutive to cover in about forty minutes. Officer Croom pronounces the dog the real article.

ON THE GOLF LINKS.

Preliminary Match This Afternoon—Other Scheduled Events.

On the links of the Cape Fear Golf Club a match will be played this afternoon for the purpose of arranging finally the handicaps for the annual Thanksgiving tournament of 27 holes Loving cups will be presented to the winners as first and second prizes. On Saturday next an approaching and putting contest for ladies will be held the prize being a specially designed cup offered by the presidents of the golf and country club organizations. Opportunity will be given the ladies for practice this afternoon and each day during the coming week.

Captain A. E. Wingfield Here.

Captain A. E. Wingfield, formerly of the brig M. C. Haskell, a regular trader at this port, is here again after an absence of about two years. He is now master of the schooner Lavania M. Snow, which is discharging coal for the Springer Coal Company. Capt. Wingfield is pleasantly remembered by many Wilmington people who are pleased to welcome him again.

FOOTBALL AT HILTON PARK.

High School Downed Y. M. C. A. Juniors Yesterday Afternoon.

In an exceedingly close game of foot ball yesterday afternoon at Hilton Park the brawny Juniors of the Y. M. C. A. felt the sting of defeat from the muscular young High School team, the score having been five to nothing. The score by the High School was made one minute before the end of the second half, both teams prior to that time having held their own well. The features might be described as a pretty block kick by Loder for the High School and the tackling of Wright and Clowe for their respective teams. Halves of 15 minutes each were played. The officials of the game were L. Poisson, umpire, and B. W. Newkirk, referee. There were a goodly number of spectators to cheer the one side or the other on to victory.

Real Estate Transfers.

From deeds filed for record yesterday the following real estate transfers appear: Walter Rutland and wife of Edgecombe county; H. N. Parsley and wife of Macon, Ga., and Mrs. W. M. Parsley to R. A. Parsley, for $10 and other considerations, property on Masonboro Sound. The same parties and R. A. Parsley to the Hilton Lumber Co., for $10 and other considerations, property at corner of Fourth and Howard streets, 100x396 feet in size, more or less. T. F. Floyd and wife to Calvin Reaves and wife, for $1,050, property on east side of Sixth street, 38 feet north of Dawson street, 28x100 feet in size.

SOUTH'S PREPARATORY SCHOOLS

Dr. Aldermen's Meeting to Systematize Preparatory College.

(By Wire to The Morning Star.)

Charlottesville, Va., Nov. 23.—The conference on secondary education in the South, which President Alderman, of the University of Virginia called to consider especially the gay, which in many States, lies between the high schools and the colleges convened in Madison Hall at that institution today. The conference will continue through to-morrow.

The conference brought together the presidents of seven State universities, the heads of all the Virginia colleges, theState superintendents of education of North Carolina, South Carolina, Tennessee, Alabama, Georgia and Virginia, as well as professors of secondary education in these States, including Presidents F. P. Venable of the University of North Carolina; Brown Ayres of the University of Tennessee; J. W. Abercrombit of the University of Alabama; Benjamin Sloan of the University of South Carolina; D. A. Houston of the University of Texas; Chancellor D. C. Barrow of the University of Georgia.

President Alderman made an address outlinging the causes that led to the conference and his ideas for reform. Elmer E. Brown, United States Commissioner of Education, spoke on what definite ways may the State department of education further the establishment of a system of public high schools. President J. W. Abercrombie of the University of Alabama followed with a paper on how the State department of education could develop a system of public high schools once established. A discussion of these topics was participated in by State Supt. J. Y. Joyner of North Carolina, O. B. Martin of South Carolina and Merritt of Georgia. President David F. Houston of the University of Texas, Prof. J. B. Stewart of the University of Georgia and others spoke on the relations of higher institutions of learning to high schools. Dr. Wallace Buttrick, of the general education board, New York, and Prof. Bruce R. Payne of the University of Virginia, spoke on the definite work of professors of secondary education. Others who discussed the topics were Prof. J. C DuBose of the University of Alabama, and Prof. N. W. Walker of the University of North Carolina.

Tonight the professors and students of the University assembled in Cabell Hall to greet the educators in attendance upon the conference. President Alderman presided, and brief talks were made by Elmer E. Brown United States Commissioner of Education; Professor Houton of the University of Texas; State Superintendent O. B. Martin, of South Carolina; President Robert E. Blackwell, of Randolph-Macon College, Ashland, Va., and others.

MONTGOMERY'S JIM CROW LAW.

City Enjoined Because Street Car Company Can't Comply.

(By Wire to The Morning Star.)

Montgomery, Ala., Nov. 23.—Because of the refusal of the Montgomery Traction Company to obey the new "Jim Crow" car law, every car operated was stopped an hour this morning by the arrest of the general manager of the company and several motormen and conductors. The law requires that every car shall carry either white or blacks exclusively and be labeled "white" or "colored." The company asserts that is is impossible to obey the law as they have not enough cars. After a delay of an hour an injunction was granted against the city by the city court on the ground that the law could not be kept and traffic was resumed.

MR. ED M'RAE DEAD.

Passed Away Rather Suddenly at Maxton Yesterday.

Maxton, Nov. 23.—The death of Mr. Ed McRae occurred this morning about 5 o'clock. He was feeling all rightw hen he retired last night, but about half an hour before he died this morning he complained of a pain in the region of his heart. Deceased was one of Maxton's most prominent citizens and was about 53 years of age. The deceased is survived by a widow, who was a Miss Kelly of Mississippi, and the following children: Mrs. Rufus Williams, Misses Emmie Belle, Minnie, Kathrine and Master Murdock and one brother, Mr. E. F. McRae. Mrs. W. A. Robeson of Fayetteville, was a first cousin.

—Senator Dolliver, of Iowa, is a rich and prosperous person, and undoubtedly is well qualified to be a plutocrat. Nevertheless he felt free last week to tell the people at McPherson, Kansas: "Secretary Root will not do for a presidential candidate. He sits in the inner councils of the trusts, is Thomas F. Ryan's right hand man and for several years past has been chief counsel in every nefarious scheme that has been foisted on the American people."

GOLDEN NUGGETS FOR SALLOW PEOPLE

DENATURED WOMEN

Out of every TEN grown women who read these words, I expect about SEVEN OR EIGHT are "denatured," as a result of some female disease.

At least that is the percentage given by medical writers, as generally found among women.

By "de-natured," I mean LACKING in some of the health functions, that every woman should have in perfect working order.

Unsuitable for a PERFECT wife, mother, houseworker, office worker, etc., by reason of IMPERFECT HEALTH.

Just as denatured alcohol has been made unsuitable for one of its normal uses, that is, as an aliment.

A de-natured woman is only a half-woman, a quarter-woman, or less. It depends how far her illness has gone.

As to the CAUSE, pages might be written explaining this and that, as a development of modern life; but as to proper MEDICAL TREATMENT, or CURE, I have only a few words to say, which I think will interest you MORE than a book of learned whys and wherefores.

There IS a medicine which, for 50 years, has been building up for itself a wonderful reputation, as a curative treatment for the diseases peculiar to women.

You have heard of it—WINE OF CARDUI—a pure extract of harmless, VEGETABLE ingredients, with a healing, building, strengthening, regulating effect, on the female organs and functions.

Have you tried it?

If not, read this simple letter, written by one woman out of thousands who address us, telling, in simple language, the story of her hard times and how she came to be cured. It is much more interesting than a novel; and then, it is TRUE. More still, if acted on, it will SHOW YOU THE WAY TO BE WELL.

R. F. D. 25, Gifford, Ill., Feb. 24, 1906.

Four years ago I had a miscarriage, and it left me in an awful shape. I had ulceration and female trouble so bad. I suffered dreadful misery nearly all the time, with pain in my side and dragging down sensations, and had a continual and annoying discharge. At last I gave up to an operation, but it did not help me and I seemed to suffer worse than before. I suffered for years so much pain in my side. It was something terrible. I could scarcely walk. The doctor told me I would have to have a second operation, as I was so diseased, but to this I would not consent, and took Wine of Cardui instead. Now, I am nearly well. I advise all sick women to try Wine of Cardui. I know it saved me from an operation and I think it saved my life.

SPIRITS TURPENTINE

—Fayetteville Observer: Lou Wood all, a white girl 15 years of age, has disappeared from her home, and Archie Turner has been arrested, charged with kidnapping her. Turner denies all knowledge of the whereabouts of the girl.

—At Princeville, one mile from Tarboro, a train on the Atlantic Coast Line ran over and killed William Lovett, on aged colored man, on Thursday night. The feeble old man tried to cross the track in front of a train, stumped his toe and fell on the track right in front of the locomotive.

—Lumberton Robesonian: Mr. Will Baxley, an employe of the Prevatt saw mill met with a most painful accident Tuesday. While adjusting a piece of lumber his hand slipped and came in contact with the large buzz saw. The whole back of his hand was severely cut and two fingers were so badly mangled that they had to be amputated.

—Rocky Mount, N. C., Nov. 22.—While arresting four negroes yesterday evening, Mr. J. S. Davis, the chief of police here, found it was necessary to shoot one of them, who resisted and attempted to take his "billy" away and strike him with it. The bullet went true and lodged in the negro's body. He is not dead at this writing but will likely die.

—Announcement comes from Traffic Manager R. E. L. Bunch of the Atlantic & North Carolina Railroad that the train service of that road will be extended to Beaufort, N. C., on December 1. It will be remembered that the first train went over the long bridge across the sound from Morehead City to Beaufort several days ago. Now regular service will begin December 1.

—Wadesboro, Nov. 22.—A few evenings ago the Messrs. Clark, who live in Ansonville township, discovered that two tenant houses and two or three outhouses were on fire, and all efforts to save the buildings were in vain. They had a large quantity of fodder and hay stored away in the houses. The fire was of incendiary origin and a negro suspected of the crime was caught at Whitney and brought to Wadesboro and placed in jail in default of $800 bail.

—Wadesboro, N. C., Nov. 22.—Isaiah Ingram, colored, met with a fatal accident at the saw mill of J. A. Dunlap and A. J. Springer, near Cedar Hill, this county. As he was carrying away slabs one of the slabs happened to strike the saw and threw him on the saw, which threw him 20 feet, disemboweling him and scattering his bowels all around on the ground presenting the most gruesome appearance ever witnessed by those present. The negro got up and walked a few steps and fell dead.

—Kinston, N. C., Nov. 22.—Monday night Mr. Robert Nelson, of Contentnea Neck township, awoke to behold a burglar trying to enter his home through a window which was left up on account of the warm weather. The man was in a crouching position, just entering the room and Mr. Nelson fired a load of buckshot from his gun and the man fell out of the window. He is believed to have been killed. The burglar was a colored man and had entered four or five houses in the neighborhood.

—Charlotte, N. C. Nov. 22.—Dr. A. W. Fitts, a retired physician and one of the best known citizens of Charlotte, was accidentally shot this afternonn while hunting and died at sundown. Dr. Fitts was out with Lem Harkey and had crossed a ditch and was reaching for his gun when it was discharged, entering his body. He retained consciousness sufficiently to say "I will not get over this.' The deceased owned considerable property about the city and was engaged indirectly in real estate business. He was about 45 years of age.

—Asheville, No. 22.—The police commission of the board of aldermen have been holding an investigation of the charges against two of the local policemen for neglect of duty on the night of the killing of the two officers and three negroes. The report was that the officers M. L. Sprouse and J. M. Taylor, knowing of the killing and the fact that a fight was in progress, had gotten away from the scene as fast as possible and gone to the city hall. Although the investigation was held behind closed doors the fact is pretty generally known that the evidence brought out showed that the officers had done their full duty and no charges of neglect could rightfully be laid at their doors.

THE COTTON MARKET.

By Wire to The Morning Star.

New York, Nov., 23.—The cotton market had a good advance during today's session with trading moderately active. The close was barely steady but at a net advance of 10 to 19 points. Sales for the day were estimated at 300,000 bales. The opening was steady at a decline of 6 to 7 points in response to lower cables and a fairly good weather map but almost immediately the loss was recovered on covering of shorts and buying by spot people on the reports of a very firm spot market in the South, moderate estimates for tomorrow's receipts at Houston and the predictions for unsettled weather in the western belt. Trading was only moderately active on the advance but was only selling after the first hour seemed to be little by English houses in the way of undoing straddlers between the two markets and these offerings were readily absorbed. Later trading was more active and just before the close there was heavy realizing under which prices lost part of the advance with January selling off from 10.33, the highest point, to 10.23 at the close, and March from 10.50 to 10.43. Numerous wires were received during the day reporting very firm interior holders and reports from Fall River that the labor trouble had been satisfactorily settled, helped the advance during the middle session.

Receipts at the ports today 69,631 bales against 67,972 last week and 64,000 last year. For the week 420,000 bales against 412,648 last week and 391,182 last year. Today's receipts at New Orleans 18,388 bales against 13,058 last year and at Houston 12,369 bales against 7,833 last year.

Spot cotton closed steady 20 points advance; middling uplands 11.10; middling gulf 11.35; sales 6,668 bales.

Futures closed barely steady. Prices ranged as follows:

NEGRO JUDGE COUNTED OUT.

Chicago Couldn't Stand for Him to Be Honored.

(By Wire to The Morning Star)

Chicago, Nov., 22.—Ferdinand L. Barnett, negro assistant State's Attorney, who according to the police returns was elected judge of the new municipal court of Chicago on November 6, was today counted out by the canvassing board. The police returns gave Barnett a plurality of 499, but the official count of the 35 wards of the city, which was completed today, shows that Thomas B. Lantry, Democrat, was elected by a plurality of 304. Barnett was the only Republican defeated for a city office at the election.

Widow of Veteran of Civil War Was Brutally Dealt With.

(By Wire to The Morning Star.)

Shamokin, Pa., Nov., 22.—With her head horribly battered by a club and with her throat black and blue, Mrs. Sarah Klinger, aged 60 years, the widow of a civil war veteran, was found dead in her room here today. The woman lived alone. The authorities have no clue to the murder and are not yet able to decide whether the woman was killed by robbers or whether her life was taken to accomplish some other purpose.

—The Hotel LaFayette at Fayetteville, which has recently taken on such extensive improvements, is now lighted by electricity throughout. Mr. M. McI. Matthews, one of the best hotel men in the State, now has a house worthy of his reputation.

—Hamlet, Nov. 21.—This place sent a large delegation to Maxton yesterday with a proposition for the establishment of a Methodist College for young women. Hamlet offered one of four sites and $12,000 in cash for the institution to be located here. Maxton won out.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Alban's, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by R. R. Bellamy's drug store. Price 50c.

Gives vigor, strength, vitality to your nerves, stomach and every part of your body. It's easy to take; swallow a little Hollister's Rocky Mountain Tea; it does the business. Tea or tablets, 35 cents. J. Hicks Bunting Drug Co.

Do You Believe in Signs?

To dream of catching fish is a sign of making a good bargain.

All may be shoes that come to your hook, but to judge a "bargain" when you've caught it, apply a better test than price. That's only the bait. What the shoe is—what comfort it gives and how long it will last—is the real test of value. Crossetts could not sell for less, nor be better shoes though they sold for more.

IT'S IN THE DRAFT.

The secret of the fuel-saving qualities of this Buck's hot blast heater lies in the draft construction. It is so made as to allow large quantities of heated air to pass over the upper surface of the burning coal, thus supplying oxygen to the rising gasses, which are then converted into heating power.

Simple, isn't it? And yet it's new principle in stove building—not to be found elsewhere.

This stove will reduce your coal bill nearly one-third.

Let us tell your of its many advantages.

Politics Cropped Out Yesterday in Trans Mississippi Commercial Congress.

EFFORT PROMPTLY REBUKED

Resolutions Committee Tried to Smother Two Resolutions of Nebraskan But Failed—Secretary Root's hip Subsidy Idea Endorsed.

(By Wire to The Morning Star.)

Kansas City, Mo., Nov., 24. After electing H. D. Loveland, of San Francisco, president, adopting two resolutions offered by William J. Bryan, after they had been voted down by the Committee on Resolutions, and endorsing Secretary of State Elihu Root's idea for encouraging merchant marine, and for increasing our intercourse with South America, by adequate mail facilities, the Trans-Mississippi Commercial Congress adjourned late to-day to meet in 1907 at Muskogee, Indian Territory.

The introduction of politics into the proceedings of the Congress was narrowly averted when the report of the committee on resolutions was submitted for action. John P. Irish, chairman of the committee, had scarcely finished reading the report when L. C. Irvine, of St. Louis, vice president of the Congress, made an impassioned address censuring the action of the resolutions committee in omitting from its report the two resolutions introduced by Mr. Bryan last night. Mr. Irvine intimated that the omission of these two resolutions savored of political influence and that their authorship rather than their substance was the reason for the failure of the committee to report them. He said all of the American people were in favor the Bryan resolutions, and that if this convention did not want to lose its power and its influence it would better not commit itself to an action indicating a partisan feeling. He said that the Republican leaders who are fighting the trusts and Mr. Bryan were a unit on the trust question. He said that if "You took a speech delivered by Mr. Bryan on that subject and another delivered by Mr. Roosevelt or Attorney General Hadley, and you were not told the name of their authors, you could not tell which man was author of either speech."

Chairman David R. Francis suggested that a consideration of the Bryan resolutionsn be postponed until the report of the committee on resolutions as reported had been adopted. The suggestion was accepted, the report of the committee was adopted and Mr. Irvine then formally offered the Bryan resolution against private monopoly.

Mr. Irish made a reply to Mr. Irvine. He said that he opposed the Bryan resolutions because of the views Mr. Bryan had advised in his New York speech. He said that these views were of such a nature that he did not want the Congress to go on record as supporting them directly or indirectly. He said that Mr. Bryan, who was an eminent candidate for political honors, had advocated government ownership of all public utilities and that an indorsement of his trust resolution would be an indirect indorsement of government ownership of such utilities.

Without further debate the resolution offered by Mr. Irvine was adopted. Then Mr. Bryan's peace resolution was adopted without debate.

Gen. Willard Warner, United States Senator from Alabama, directly after the Civil War, died in Chatanooga, Tenn., yesterday of disease incident to old age. He was colonel of an Ohio regiment and later commanded a brigade in the campaign about Chatanooga. being badly wounded at Ringgold, Ga.

At Norfolk yesterday Capt. Andrew Crockett, of the Chesapeake Bay oyster schooner dredge James A. Whiting, indicted under the new Federal "shanghaiing" law was found guilty and sentenced to pay a fine of $500 by December 1 or serve six months in jail. Judge Waddill said he imposed a fine because this was the first convictionn under the new law. All other offenders, he said, would receive jail sentences following conviction, whether able to pay fines or not.

In Magistrate Baker's court in New York yesterday after a three day's hearing he held that Enrico Caruso, the famous Italian tenor, was guilty of annoying women in Central Park. He livied a fine of $10. Caruso denies the charge, blackmail is hinted and his lawyer took an appeal. The woman in the case failed to appear in court.

ACTRESS WIFE'S TERRIBLE DEED

Shot and Killed Her Husband and Committed Suicide With Same Pistol.

NO KNOWN CAUSE TRAGEDY

Slain Husband Was Vice President of American Shipping Company—Wife Was Once Leading Lady With Otis Skinner.

(By Wire to The Morning Star.)

Chicago, Nov. 23.—James F. Delaney vice president of the American Shipping Company, was today shot and killed by his wife, who immediately afterward committed suicide. The tragedy occurred in the apartments occupied by the Delaney's at the home of Mrs. Cyrus Woods, 490 LaSalle avenue. Late today a servant forced an entrance into the apartments after having made several previous efforts The body of Delaney was found on the bed with a bullet wound in the back of the head. The body of Mrs. Delaney was lying close by, a bullet having been fired into her brain through her mouth. The revolver was still clutched in her hand when the room was entered.

Edward Tyler, a boarder in the house, told the police late today that he heard two shots in the night but paid no attention to them, believing that they came from the street.

The cause of the shooting is not known. Mrs. Woods, in whose house the tragedy took place, declared that Mr. and Mrs. Delaney had not quarreled to her knowledge, and said that she knew of nothing that could have caused Mrs. Delaney to kill her husband and herself.

Delaney is said to be well known among business men in New York, where he had lived the greater part of his life. In his clothing was found a card bearing the inscription "J. H. Delaney, vice president of the American Shipping Company, 20 Broadway New York." His name is also in the Chicago directory as vice president of the American Shipping Company.

Mrs. Delaney was the daughter of Charles Edward Brown, formerly of this city. She was born in this city and graduated a number of years ago from the Chicago dramatic school. She was later engaged by Otis Skinner for the cast of "Francesca DaRimini" and afterward played in 'The Silver Shield." She was known on the stage as Bessie Mortimer. She was 30 years old. Her husband was 36. They were married about eight years ago and had no children.

MORMON PRESIDENT CONVICTED.

Pleaded Guilty to Polygamy and Fined $200—Asked Mercy.

Salt Lake, Utah, Nov., 23.—Joseph F. Smith, president of the Mormon church, this afternoon appeared in the District Circuit Court before Judge Ritchie, pleaded guilty to a charge of unlawful cohabitation and a fine of $200 was imposed.

The charge under which the Mormon prophet was arrested and fined was based on the recent birth to President Smith's fifth wife of his forty-third child.

President Smith addressed the court saying that his latest marriage occurred in 1884. All his marriages, he said, were entered into with the sanction of his church, and, as they believed, with the approval of the Lord. According to his faith and the law of the church the unions were eternal. He continued:

"So far as my case is concerned, I like others, who have entered into solemn religious obligations, sought to the best of my ability to comply with the requirements pertaining to the trying position in which we were placed. I have felt secure in the protection of that magnanimous sentiment which was extended as an olive branch in 1890 and subsequent years to these old cases of plural family relationships who came within its public view, as did mine.

"When I accepted the manifesto issued by President Wilford Woodruff, I did not understand that I would be expected to abandon and discard my wives. Knowing the sacred covenants and obligations which I had assumed by reason of these marriages, I have conscientiously tried to discharge the responsibilities attending them without being offensive to any one. I have never flaunted my family relations before the public nor have I felt a spirit of defiance against the law; but on the contrary, I have always desired to be a law abiding citizen.

"In considering the trying position in which I have been placed, I trust that your honor will exercise such leniency in your decision as your judgment will permit."

Judge Ritchie imposed the minimum fine, which he might have imposed under the Utah statute.

Emperor William of Germany, does not like the word "reichsverdrossenheit." It certainly doesn't look nice, but the reason the Emperor dislikes it, the word translated means "popular disgust with imperialism."

ARTIC EXPLORERS NEARING HOME

Commander Peary and Comrade Adventurers Arrived at Sydney, N. S. Yesterday.

WITHIN 203 MILES OF POLE

Expedition Reached Further North Than Any Other Ever Sent to the Arctic Regions—Believed Pole Can be Reached.

(By Wire to The Morning Star.)

Sydney, C. B., Nov. 23.—Flying the flag of the United States, which had been placed nearer the pole than any other national standard, and weather beaten and disabled, the Peary Arctic steamer Roosevelt arrived here to-day under sail and steam after 16 months vain effort to reach the pole. Though not entirely successful, the expedition nevertheless, got to 87 degrees, six minutes, north latitude, or within 200 miles of the pole.

Commander Peary came ashore immediately after the steamer came to anchor and joined Mrs. Peary, who had been her for two weeks awaiting her husband's return.

Commander Peary said he ought to get back to New York before discussing the prospects of a new expedition. The commander said his immediate movements were in doubt. He thought he would pay off the New Foundland members of the crew at Sydney, make some repairs to the Roosevelt, get a new crew and equipment and go to New York.

Commander Peary looks in the best of health, and spirits and though disappointed at the failure to reach the pole, he feels satisfied with the advance actually made.

Dr. I. J. Wolff said that the health of the party had been excellent. There were no deaths and practically no sickness.

Commander Peary has received a large number of congratulatory messages and requests The Associated Press to circulate the following general acknowledgement:

"Commander Peary desires to make preliminary acknowledgement and express his deep appreciation of the numerous letters and telegrams of congratulation which have been sent him. As rapidly as possible he will make direct and individual acknowledgement."

The Roosevelt occupied opposite anchorage to the yacht club's pier usually reserved for vessels of war. The squadron's flag and aCnadian ensign are flying as a further mark of honor.

Among the early callers upon Commander Peary at the Sydney Hotel, was American Consul West. Learning of Capt. Peary's wishes to make his departure as soon as possible, the idea of tendering him a public banquet was abandoned and a reception at the rooms of the yacht club substituted.

Capt. John Bartlett, master of the Roosevelt, said the steamer was a good sea boat and that he will sail her to New York. He is ready to go again to the Arctic. Capt. Bartlett is satisfied that the pole can be reached without great difficulty.

First Mate Bartlett, a cousin of the caption, said the crew of the ship were well paid and well fed and the Roosevelt was a staunch ship, but he did not think many of the New Foundland members of the present crew would be willing to join another expedition. It was a hard experience which few men cared to repeat. Several other members of the crew, including some of the engineers' staff, expressed similar sentiments. Their complaint was directed not to treatment by Peary but to the privations and dangers of the work.

Congratulations For Peary.

Washington, Nov. 25.—Acting Secretary Newbury of the Navy Department received the following dispatch from Commander Peary, dated Sydney, C. B., to-day:

"Respectfully beg to report my arrival with the Roosevelt at six this morning. The expedition of the Peary Arctic Club, which I have the honor to command, has penetrated Central Polar basin beyond 87 degrees north, eliminating probability of existence of any land between north shore bordering that basin through 10 dgrees of longitude between parallels of 81 and 83 degrees and secured interesting series of soundings."

Mr. Newberry sent this dispatch of congratulation in reply:

"Navy Department congratulates you on your splendid effort and success and on safe return of your expedition."

Had a Close Call.

THREAT OF STRIKE BROUGHT RESULTS

Thirty Thousand Cotton Mill Operatives at Fall River Won Out

WAGES INCREASED 10 PER CT

Demand Was Granted by Ninety-Two Mills and Others in New England Will Have to Follow Suit.

By Wire to the Morning Star.

Fall River, Mass., Nov. 23.—Fall River cotton employes won a battle for an increase in wages to-day and on Monday next 30,000 operatives will come under a scale giving them 10 per cent. more than the present rate.

The granting of the advance by the manufacturers prevented a strike, the workmen having voted at meetings last night to stop work at all mills next Monday if the new schedule was not accepted. M. C. D. Borden, an independent cotton manufacturer, employing 5,000 operatives took the lead in meeting the demands of the mill hands by announcing that the scale of wages in his mills would be raised 10 per cent. No demand has been made upon the proprietor of the Fall River Iron Works mill and his action practically forced the other mill managers to grant the increase.

The new pay scale effects 70 corporations, operating 92 mills, besides the Ironworks plant.

The Manufacturers Association's agreement to pay the increase is for a period of six months, but provision is made for extending it.

Between November 1903 and July 1904 the Fall River operatives suffered reductions aggregating 22 1-2 per cent. Last Spring a part of the cut was restored and in view of the continued prosperous business condition, the operatives demanded a complete resumption of the 1903 scale.

It is considered probable that other cotton mills in New England will follow the lead taken in this city and that thousands of outside mill hands ultimately will be benefitted by the determined stand taken by the Fall River unions.

TERRIFIC EARTH DISTURBANCE.

Quakes in German New Guinea Crack Mountains—Lives Lost.

(By Wire to The Morning Star.)

Victoria, B. C., Nov. 23.—Alarming earthquake shocks in German New Guinea, the Bismark archepelago, followed by tidal waves causing much loss of life among the natives, were reported to-day by the steamer Miowera, from the South Sea. Capt. Prejawa of the German steamer Siar, which reached Sydney, Australia reported that near Finchafen his steamer rolled and vibrated considerably, due to siesmic disturbances. The effect was plain ashore, fissures being visible in the mountains. A tidal wave swept the low lying coast devastating the country for 40 miles. At Chiassi Island in Dampier straits the tidal wave wpoght great havoc, hardly a native having been left. Along the New Guinea coast Capt. Prejawa saw fissures in the mountain sides 200 feet long and 100 feet wide.

NORFOLK & SOUTHERN RAILWAY

Consolidation of Several Lines in Virginia and Carolina Effected.

(By Wire to The Morning Star)

Norfolk, Va., Nov. 23.—The Norfolk & Southern Railway Company is to be the title of the various eastern North Carolina and Virginia Railway lines with terminals in this city. This was decided to-day when the stockholders of the Norfolk & Southern Railroad Company, the Virginia, Carolina Coast Railroad Company and the John L. Roper Lumber Company met here and effected the merger of the three companies which has been pending for several weeks.

The stockholders of the John L. Roper Lumber Company agreed to an issue of $10,000,000 of nonlinterest bearing mortgage gold bonds to the Knickerbocker Trust Company, of New York and to cancel a previous issue of like securities held by the Trust Company of America, of New York, as trustee. The stockholders of the Virginia Carolina Coast Railroad company also agreed to cancel their $7,500,000 first mortgage bond issue.

One half of the $10,000,000 bond issue to be made by the lumber company will be delivered as pre-arranged to Edward Sweet & Co, syndicate managers of the Norfolk & Southern Railway. This delivery will be made in lieu of a similar issue made formerly and held by Rudolph Kleybolte & Co. syndicate managers of the Virginia Carolina Coast Railroad Company.

Judge George Gray, of Wilmington, Del., as umpire, T. J. Conlan, first vice president of the International Association of Machinists representing the machinists and Alford P. Thom, representing the Southern Railway have been selected as members of the board of arbitration to the griveances of the Southern Railway machinists.
